## EDUCATION

**Faculty of Computer and Data  
Science, Alexandria University**

Major : Data Science

GPA : 3.6

2021 - 2025

## AWARDS & CERTIFICATIONS

- Google Data Analytics  
Professional Certificate

## SKILLS

- Html
- Css
- Javascript
- Mysql
- Node Js
- React Js
- Mongo db
- Material UI
- Bootstrap

## LANGUAGES

- Arabic
- English

## PROFILE

A motivated and diligent college student with a strong interest in technology and programming. Demonstrated ability to learn quickly, solve complex problems, and work effectively in team environments. Seeking to leverage my foundational knowledge in computer science and my passion for technology in a Web Development training program. Eager to expand my skill set and apply my academic learnings to practical, real-world projects. Committed to continuous learning and growth, and excited about the opportunity to delve into the dynamic field of web development.

## PROJECT

- **YouTube Clone Application**
- Developed a fully functional clone of YouTube using React and JavaScript, demonstrating a deep understanding of these technologies and their practical application.
- Implemented key features such as video playback, search functionality,
- This project showcased my ability to work with APIs, manage state in a large application, and build responsive user interfaces.
- **Link** : <https://youtube-clones1.netlify.app>
- **Geographic Application**
- Designed and built a geographic application, utilizing my skills in data manipulation and visualization.
- The application provides users with interactive maps and location-based data, demonstrating my ability to work with complex datasets and create user-friendly interfaces.
